Activity	**Advanced ICT Certifications**			CFU: **2**	Documents for Approval (if needed):
	Proposal Detail (if needed):	The activity involves attending the following **3 courses offered by Akkademy (Lightbend) about the Reactive Architecture**, basically the ones that will allow me to conclude the series of courses began with a previous approved activity: **1) Building Scalable Systems** (https://akkademy.akka.io/learn/courses/8/reactive-architecture4-building-scalable-systems); **2) Distributed Messaging Patterns** (https://akkademy.akka.io/learn/courses/9/reactive-architecture5-distributed-messaging-patterns); **3) CQRS & Event Sourcing** (https://akkademy.akka.io/learn/courses/10/reactive-architecture6-cqrs-event-sourcing). The link of each course contains all the necessary information to assess this activity in terms of contents, evaluation and the certification. In terms of completion time and effort this activity is similar to the previous one already approved (the first three courses offered by Akka - Lightbend about reactive architectures), that's why I'm asking for 2 CFU also for this one. Thank you in advance for the attention.			
Evaluation:	Proposal Approved?	**Pending approval**	Activity Performed: **No**		Proof of Completion (if needed):
	Info for Evaluation:
